

A&S 100/300 course equivalents

<u>Course/semester</u>	<u>Equivalent</u>
<u>A &S 100 sections 1-4 Fall 2009</u>	<u>Satisfies the requirements for BIO 150, BIO 151, and BIO 153</u>
<u>A&S 100 sections 1, 2, 4 or 6 Fall 2010</u>	<u>Satisfies the requirements for BIO 150, BIO 151, and BIO 153</u>
<u>A&S 100 Sections 001 or 002 Spring 2011</u>	<u>Satisfies the requirements for BIO 150</u>
<u>A&S 100 sections 3 – 17 Spring 2011</u>	<u>Satisfies the requirement for BIO 151 and BIO 153</u>
<u>A&S 100 section 006 Spring 2010</u>	<u>Satisfies the requirements for BIO 152</u>
<u>A&S 300 section 006 Fall 2010</u>	<u>Satisfies the requirement for BIO 304</u> <u>Students who enter UK prior to Fall 2011</u> <u>get credit for an upper-level lab when</u> <u>they take this course</u>
<u>A&S 300 section 002 Spring 2010 (Path. Bacteriology)</u>	<u>Counts as an upper-level elective for the</u> <u>Biology Major</u>
<u>A&S 300 section 005 Spring 2010 (Physiology Exp.)</u>	<u>Counts as an upper-level LAB elective</u> <u>for the biology major</u>
<u>A&S 300 sections 2 -5 Fall 2010</u>	<u>Evolution – counts as an upper-level</u> <u>elective for students who enter UK prior</u> <u>to Fall 2011. Effective for students</u> <u>entering UK in Fall 2011 this is a</u> <u>required course.</u>
<u>A&S 300 sections 006 Fall 2010</u>	<u>Genetics: satisfies the requirements for</u> <u>BIO 304. For students who enter UK</u> <u>prior to Fall 2011, this counts as credit</u> <u>for an upper-level lab (no additional</u> <u>hours just a checkmark)</u>
<u>A&S 300 section 008 Fall 2010 (Path Bact)</u>	<u>Counts as an upper-level elective for the</u> <u>Biology Major</u>

<u>A&s 300 section 012 Fall 2010 Ecology Lab</u>	<u>Counts as an upper-level LAB elective for the biology major</u>
<u>A&S 300 section 001 Spring 2011 (Fungi, Parasit)</u>	<u>Counts as an upper-level elective for the Biology Major</u>
<u>A&S 300 sections 002, 003 Spring 2011</u>	<u>Evolution – counts as an upper-level elective for students who enter UK prior to Fall 2011. Effective for students entering UK in Fall 2011 this is a required course.</u>
<u>A&S 300 section 006 Spring 2011</u>	<u>Cell Biology – satisfies the BIO 315 requirement. Students who enter UK prior to Fall 2011 also earn 1 cr hr of elective credit and credit for an upper-level bio lab.</u>
<u>A&s 300 sections 010 and 011 Spring 2011 Ecology with Lab</u>	<u>Satisfies the BIO 325 requirement for the Biology major. For students who enter UK prior to Fall 2011, this counts as credit for an upper-level lab (no additional hours just a checkmark)</u>
<u>A&S 300 section 017 spring 2011, (Neuro lab)</u>	<u>Counts as an upper level lab credit for the biology major</u>
<u>A&S 300 section 001 fall 2011 (Neuro Bio)</u>	<u>Counts as an upper-level elective for the Biology Major</u>
<u>A&S 100 section 013 fall 2012 (BIO 198H)</u>	<u>Satisfies the requirement for BIO 155 <u>Counts towards Honors in Biology</u></u>
