ASSISTANT PROFESSOR IN NEUROSCIENCE
Department of Biology
University of Kentucky

The Department of Biology at the University of Kentucky in Lexington, KY seeks outstanding candidates for a tenure-track ASSISTANT PROFESSOR in the area of NEUROSCIENCE. This position is part of the development of a new interdisciplinary neuroscience program at the undergraduate level and efforts to continue growth in neuroscience research and graduate education. The successful candidate will be expected to develop an independent, extramurally funded research program that complements strengths within the Department and across a highly interactive campus. Current Departmental strengths include neural and visual development, regeneration in diverse animal models, circadian rhythms, and sleep. However, applicants in all areas of neuroscience are encouraged to apply. The startup package will include a competitive salary in an affordable community, a generous startup budget, modern laboratory facilities and an outstanding collegial environment. A Ph.D. (or equivalent) and postdoctoral research experience are required. Send cover letter, curriculum vitae, statements of research and teaching philosophy and three letters of recommendation to http://apply.interfolio.com/26916

Questions regarding this position may be directed to Dr. Vincent Cassone: 859-257-6766 / vincent.cassone@uky.edu

The University of Kentucky is an Affirmative Action/Equal Opportunity University that values diversity and is located in an increasingly diverse geographic region. It is committed to becoming one of the top public institutions in the country. Women, persons with disabilities, and members of other underrepresented groups are encouraged to apply.
